London South East Children's University
July 2022 Challenge

Design a poster!

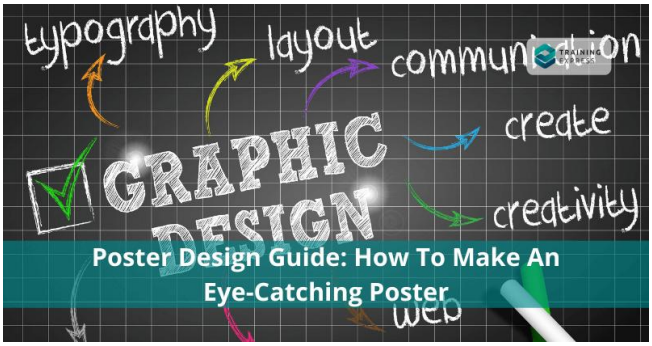
Over the past term, we have spoken to lots of children who would like to create posters to put up around their schools to share what Children's University is all about and how you can earn stamps!

So this month's challenge is to create a poster that can be shared across Bexley as well as in your schools to let your friends and family know all about Children's University!

You can either create one poster with all the information on it, or you may wish to create multiple posters for each part of Children's University, for example…

- What you like about being a part of Children's University
- How you can earn stamps (at school and outside of school)
- What happens at Graduation

You can choose whether you want to use a computer programme or website, such as Powerpoint, Publisher, Google Slides or Canva to create your posters or you may wish to draw them – you can choose whatever way is best for you!



Once you have completed your work, please email a clear copy of your work (a photo is fine) to Kate at BexleyCU@LSEAT.org.uk and she will email you a 1hr Learning Credit Slip!
